

The University of Western Australia
Academic Staff Association

19 May 2016

Professor Dawn Freshwater
Senior Deputy Vice-Chancellor and Registrar

Dear Dawn

With reference to the 'Renewal' process currently underway at UWA, I write to request copies of the models used by each Faculty for the evaluation of academic staff. I don't believe a set of these are readily available at any one location, although naturally I expect staff in each Faculty will be aware of the model relevant to them.

The Association believes making open and transparent the metrics by which academic staff across the university are evaluated will both clarify UWA's values and mission and help foster a commitment to them. The Faculties differ in significant respects so some variation may be expected. Seeing that variation and understanding the reasons for it will also be helpful in deepening a sense of common purpose. Some useful discussion may ensue.

I look forward to hearing from you in due course.

Kind regards,

Raymond da Silva Rosa
President, UWA Academic Staff Association
